Donald,

So far, so good. The instructors ran three 6 month refreshers recently and 2 new user classes. The equipment is holding up well and the curriculum is proving to be well thought out and readily accepted by the users.

Even though I have really good rope guys, by using All Hands we were able to implement a new system without the bugs, problems, and experimentation that typically occur. Your training program is well designed and your instructor cadre is top-notch.

If you're ever in the neighborhood stop by and say hello.

Thanks again.

Ed

Ed,

Hope all is well with you and the brothers from Beckley!
How are the escape systems working out?

Donald M. Colarusso
