RE: Morristown Fire Dept. Bail Out Training

Don.

I would like to write a letter of recommendation to you and your company for the recent Bail Out training we received in December and January.

All Hands Fire Equipment and your staff are of the upmost caliber and professionalism. The Trainers were knowledgeable, adaptive and prepared for the intense /necessary evolutions our Firefighters completed with both the Bail Out systems lecture and practical applications.

Your Company provided the equipment and the knowledge to make it all come together in one comprehensive package which made it easier for Department logistics and scheduling.

I look forward to doing more with equipment and training with you and your Company. It has been a pleasure. To you and the trainers, please stop by at any time. Coffee is always on. Stay safe.

Sincerely.

A handwritten signature in black ink, appearing to read 'D. Prizzi', with a long horizontal flourish extending to the left.

Dominic Prizzi

Captain, Morristown Fire Department
