August 12, 2011

To Whom It May Concern,

The Kearny Fire Department is a career fire department located Hudson County, New Jersey. We recently purchased, equipped and trained our firefighters with the Petzl EXO Personal Escape System and the Gemtor 541NYC Harness.

Our town awarded this contract to All Hands Fire Equipment, who works with First Due Training.

During the process, these vendors were helpful, knowledgeable and professional in their execution of equipping and training Kearny firefighters in the use, care and maintenance of this important lifesaving equipment. The demonstrations, the logistics of delivering the products, installing the harness loops, the eight days of hands on training were conducted in a professional manner.

With regards to the training, All Hands Fire Equipment and First Due Training instructors were extremely proficient. They did not waste time with unnecessary "war stories", and ultimately maintained the attention of our firefighters by delivering the class in a manner that was from one group of career firefighter's to another. The training included the End User to 100 members and the Train-the-Trainer to 12 members of our department.

After our experience, we highly recommend All Hands Fire Equipment and First Due Training for your Firefighter Escape Systems, harnesses, and training.

If you have any questions, please feel free to contact me.

Sincerely,

Steven M. Dyl
Chief of Department
