Dear Don,

On behalf of the Neptune City Emergency Response Team (C.E.R.T.), I would like to thank you for the Search and Rescue Training block of instruction you provided on Wednesday, September 19 and Saturday, September 22, 2012.

Your classroom lecture was well received by the participants.

Your use of subject matter and your personal experience in responding to Search and Rescue Missions allowed the participants a better platform in understanding the subject matter concept.

Members of C.E.R.T. are still talking about their experiences with the hands on practical training you provided. The small room "house" created by your staff gave a real-life experience while maintaining a safe environment for the participants. The training and experience of your staff was evident as they provided direction and answered questions during the practical training. We hope to continue the use of this equipment to train further in the future.

Again, thank you for your support of this program and especially for providing the training at no cost to the Borough of Neptune City.

Sincerely,

A handwritten signature in cursive script that reads "Edward D. Kirschenbaum, Sr.".

Edward D. Kirschenbaum, Sr.  
Director of Public Safety
